PETITION TO WITHDRAW HOLDING OF ABANDONMENT — OFFICE ACTION NOT RECEIVED
(37 C.F.R. § 1.181, M.P.E.P. § 711.03(C), AND 1156 O.G. 53)

Assistant Commissioner for Patents
Washington, D.C. 20231

RECEIVED

JUN 25 1998

GROUP 1645

Sir:

I hereby petition the Commissioner to withdraw the holding of abandonment set forth in the Notice of Abandonment mailed April 29, 1998, in the above-identified application, on the basis that the Office Action forming the basis of the abandonment was not received.

The Notice of Abandonment stated that the application is abandoned in view of applicants' failure to timely file a proper response to the Office letter mailed on September 30, 1997 (hereinafter "the Office Action"), specifically stating that no response has been received by the Patent Office.

I hereby state that:

06/23/1998 TLU:11 00000069 08/786,533 1) the Office Action was not received; and

01 FC:122 2) a search of the file jacket and the docket records in my office indicates that the Office Action was not received.

Attached as evidence is a copy of the docket record where the nonreceived Office Action would have been entered had it been received and docketed, which docket record is labeled as Exhibit A.

Exhibit A includes seven pages which are numbered consecutively in the bottom right-hand corner of each. Page 1 provides general information for the application, including:

Docket Number: 120-243;
Client: UCLA;
Inventors: Marcus A. Horwitz et al.; and
Title: ABUNDANT EXTRACELLULAR PRODUCTS AND METHODS FOR
THEIR PRODUCTION AND USE.

Page 2 of the docket record provides, among other things, a list of Calculated Deadlines which includes a number of entries or actions to be addressed in the application and their preferred or required completion dates. If an Office Action is received from the Patent Office, a calculated deadline for responding to the Office Action is entered in the list of Calculated Deadlines.

However, as no Office Action was received, no action and corresponding completion date were entered in the list of Calculated Deadlines. If the Office Action dated September 30, 1997, were received, then the term "Response" would be entered in the list of Calculated Deadlines below the "Prior Art" entry, along with a date corresponding to the statutory period for responding to the Office Action.

Pages 3 to 7 of the docket record of Exhibit A respectively provide activity information for particular actions of the application. Page 3 is dedicated to the determination of a statutory bar date of the application; page 4, a three-month status check for preparing the application; page 5, the expiration of the convention period for filing foreign applications; page 6, whether or not the official Filing Receipt needs correcting; and page 7, a status check of the application. If the Office Action dated September 30, 1997, were received, then a page analogous to pages 3 to 7 would have been created and positioned in sequence between page 6 and page 7.

In consideration of the docket record of Exhibit A, it is respectfully requested that the holding of abandonment be withdrawn. Acknowledgment of the active status of the application and reissuance of the Office Action dated September 30, 1997, are respectfully requested.

A check in the amount of \$130 to cover the Petition fee under 37 C.F.R. § 1.17(h) is attached. The Commissioner is hereby authorized to charge any additional fee which may be required in connection with this Petition, or credit any overpayment, to deposit account No. 16-2230.
